

TIPI WAKAN

Tipi Wakan is a family sized cabin located on the waterfront in the centre of Camp Olave. Out of your kitchen window enjoy the magnificent view of the loons, bald eagles and wood ducks diving and swimming. Maybe the occasional seal! Tipi is home to the lifeguards in the summer and is available for campers in spring and fall. The name means "hospital" and in the old days it was used as a refuge for "under the weather" campers.
