

Low Ropes Facilitator Training

Our very popular and well used Low Ropes Course will finally be re-opening at Camp Olave and we are looking for more trained facilitators. COMC has a few spots available in their upcoming Facilitator Training Course at the beginning of April. Here are the particulars:

- Course Dates – April 1 to 2, 2023
- Course Location – Camp Olave
- Ferry fare will be covered.
- This is an ACCT certificate course and will be put on by AdventureWorks, the company that installed and annually inspects and maintains our low ropes course.
- The course runs over 2 days consisting of both practical and classroom training.
- Accommodation will be provided at the camp for Friday and Saturday nights for those coming up on the ferry and for anyone on the Coast that wishes to stay over.
- Course will start Saturday morning at approximately 9:00 am and end approximately 3:30/4:00 pm on Sunday.
- If accepted, more information will follow regarding food, agenda, where we will be sleeping, etc.
- Please forward request to attend course by email to Laura Dolmage at lowropes.co@gmail.com

The stipulation is that once trained, you will volunteer for a couple of Saturdays in the spring when the course opens in April to the end of June and then once or twice in the fall until the course closes for winter. The more facilitators we have the easier it is to spread out over the Saturdays.

The Association for Challenge Course Technology (ACCT) is an international trade association dedicated to standards, government relations, credentialing, professional development and advancement of our members.

ACCT is an American National Standards Institute (ANSI) accredited standards developer for the global challenge course, aerial adventure park, canopy tour, and zip line industry.
