

# CAMP OLAVE MEMORY BOOK

The Camp Olave Memory Book was created by the members of the Camp Olave Management Committee to honour those people who share their energy, enthusiasm, time and talent with Camp Olave and the fortunate campers who have enjoyed the camp and its many facilities. The book was established in 2005 and was originally entitled the Gone Home Memory Book. We discovered it was very difficult to obtain information on our departed Sisters in Guiding and Friends of Guiding; so after much consideration we have changed the name and format of the book to include any person who you wish to remember as giving their commitment and devotion to Camp Olave.

We recognize their many and varied contributions, such as:

- Cottage construction and renovations
- Educational programs
- Mentoring new campers
- Nature projects
- Program work
- Site maintenance and improvements
- Teaching camping skills to Brownies, Guides,
- Pathfinders and Rangers

They have provided a lasting legacy for all those who visit Camp Olave in the future.

With Appreciation and Thanks, this book is dedicated to these "Friends of Camp Olave" who appear on the following pages.
