DEADLINE: April 30, 2022 Email to: moreseasidefun.ggc@gmail.com

We would like to be proactive with our campers with relation to comfort at camp. Some campers have difficulty with foods that are not familiar to them while others have hard times if they are asked to do a new activity or being around too many people all week. We would like to give every camper the opportunity to have the best time possible. If we can do something to help facilitate this we need your help.

Please complete the next section with this in mind. This information will not be shared with everyone except those making menus and perhaps the patrol leader who will help get your camper through the days and nights.

Dietary Concern: Does your camper have any dietary concerns we need to know to make this a good experience for her. Please list below and give a contact number you can be reached at for consultation if needed. This should include anything they would not normally eat as well as any medical or specialty diet. Ie: Vegan of any kind, Diabetic, Gluten Free , PKU, etc. Please be specific.

Health and Special Needs

Please list any health or special needs your camper may have. This can include, but not limited to sleepwalking, night terrors, anxiety, attention limitations, fears or anything else we should know to help her through a difficult time. Please let us know if we may call you to discuss how you help her through these times.
